PALYHACKS 2019

March 23rd – 24th 2019

info@palyhacks.io | palyhacks.io | 50 Embarcadero Rd

ABOUT US:

We are a group of students from Palo Alto High School who share a passion for computer science, and want to connect our peers to a community of those who are also passionate about the subject. We believe that a hackathon is the best way to spread passion for computer science and introduce members to the field. PalyHacks 2019 will be the 3rd iteration of the annual event.

LOGISTICS:

PalyHacks 2019 will host approximately 150 high school students all across the bay area with various skill levels of computer science, but a keen interest in it, at Palo Alto High School, located at 50 Embarcadero Road. It will be held from March 23, 2019 to March 24th, 2019 in the Media Arts Center from 10:00 am PST Saturday to 10:00 am PST Sunday.

WHY SPONSOR?

PalyHacks provides companies with an opportunity to leave a lasting impression on the attendees. In Silicon Valley, it is inevitable for students to be exposed to the vast field of computer science, and likely develop a curiosity for it. Some of the attendees do not have very much experience in computer science, but beginners and experts alike have a strong interest in the field. Being a sponsor will not only help foster the attendees' continued interest, but allow your company to build recognition among a new generation of programmers.

HOW CAN YOU HELP?

- Bring a developer or staff to the event!
- Donate money directly, allowing us to accommodate to all needs
- Sponsor snacks that will be served during the hackathon
- Bring promotional material such as t-shirts, stickers, and/or hardware, which can be a great way to popularize your brand among attendees
